

METRON 05 PowerLine

Version: 11/18

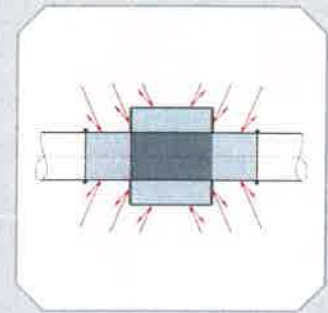

Metal detector for installation in
pneumatic fiber transport lines

- **Reliable** - in Process and Detection
- **Durable** - in Technology and Performance
- **Easy** - in Installation and Handling

In a few words:

- Digital signal processing for best detection
- Totally shielded against external noise
- Process- and condition monitoring
- Failsafe storage of all system parameters
- No sensing tube, no static discharges
- Sensor head fully sealed
- Size variations for different areas of use
- Perfect fit for fiber inspection
- Eject gate optionally available
